MEMORANDUM FOR: Deputy Director for Support

SUBJECT : Directorate Panels and Boards

REFERENCE : Memo for DD/S Office Heads fr DD/S dtd 2 Jun 70,  
same subject

1. This memorandum is for your information and is in response to referent memorandum.

25X1 2. I have carefully reviewed your memorandum and have asked my staff to consider establishing a Junior Advisory Panel which might in a way serve as an "OP/MAG." Membership in this group would, of course, be restricted to our "younger" officers, i.e., those 40 years of age or under. Our recent Personnel Officers Conference [ ] last month brought home even more forcibly the importance of capitalizing on the strengths and thoughts of our younger employees. You may be assured that I will make every effort to include them in as many office and Career Service activities as appropriate.

3. In addition to the above, we have recently changed somewhat the membership of our Junior Career Service Panel of the Personnel Career Board to include a 31-year-old female Personnel Officer who will bring both youth and able representation of the female members of the Personnel Career Service. Further, the SP Career Board will make every effort to expose younger officers, who are comers--usually CT's--to the activities of our Plans and Analysis Division. There they may be exposed to many of the new thoughts and problems that are currently under consideration or, in the near future, will be discussed and acted upon by top Agency management.
